

Arctic®

WALK-IN COOLERS AND FREEZERS

Attention to detail is Arctic's most important quality.

All Arctic walk-ins are quality inspected for fit and finish by our pre-assembly crew.

Arctic has been manufacturing walk in coolers and freezers since 1981 and is among the premiere walk-in cooler manufacturers in the United States with representatives in North America, Central America, South America and Caribbean Islands. Arctic industries, Inc. offers quality products at an outstanding value utilizing the finest materials and fabricated by a highly trained and experienced staff.

CUSTOMER SERVICE

A complete sales, project management, and engineering staff are experienced and focused to assist with your cold storage needs. Arctic's network of manufacturer representatives provides on-site assistance and support to ensure complete satisfaction for its customer.

Outstanding customer support before, during and after the sale is our corner stone for success. Arctic's most valuable asset is people. Many Arctic employees have been with the company more than 10 years.

“Arctic is known as a company easy to do business with as well as a reliable supplier and a problem solver. Arctic is the smart alternative for your cold storage needs”.

Arctic takes keeping your products cold seriously
